EIICHIRO ODA

It's always a gamble ordering the "Chef's Mood Pasta." What if his mood is "I'm not making any pasta today," or "I want to eat the pasta today"? You're out of a pasta. You'd really need to know the chef's latest state of mind. "The chef's daughter scored 100 on her test. Chef's Mood Pasta!!" Wow, that sounds yummy! "The chef's wife cheated on him... Chef's...Mood Pasta..." Umm... Anyway! Let's follow the adventures of our moody captain!! Volume 66 begins!!

-Eiichiro Oda, 2012

**E**iichiro Oda began his manga career at the age of 17, when his one-shot cowboy manga **Wanted!** won second place in the coveted Tezuka manga awards. Oda went on to work as an assistant to some of the biggest manga artists in the industry, including Nobuhiro Watsuki, before winning the Hop Step Award for new artists. His pirate adventure **One Piece**, which debuted in **Weekly Shonen Jump** in 1997, quickly became one of the most popular manga in Japan.

Q: Greetings, Mr. Oda and readers of *One Piece*. I am a bonafide psychic, and I am going to correctly predict what Mr. Oda wants to say right now.

"Start the SBS." Well? Impressive, isn't it?  
--M. Mimori

A: You're right!!! ≧ Huh?! How did you know?! Geez, that was freaky!!

Q: Is Akainu's wiener magma-y? --Wi

A: Hey!

Q: Is Aokiji's wiener chilly? --en

A: Stop that!

Q: Is Kizaru's wiener flashy? --Er

A: Knock it off!!! ≧ Are these questions really appropriate for the start of the book?  
Yes to all three!!! ≧ ☹

Q: Odacchi, Odacchi, when does the New World Nami full-body pillow come out?

--Captain Nobuo

A: I don't know!! ≧ Look, I'm not involved with merchandising, nor do I know everything about every product! Although, if I could design one, I'd love to have Franky's arms. You could put them on over your arms and grab people's heads with them. And they'd make cool sounds and everything. Bandai, can you start working on that?

Q: Why do you draw yourself as a fish? Knowing you, I'm sure there's a very deep and thoughtful meaning behind it!

--Emi@3!04

A: There's no meaning behind it at all!

Q: If you cooked the giant kraken, how many octopus fritters could you make?

--Hunting Pirates

A: Good question. Even if you were on the generous side in terms of doling out the portions...you could probably make ten million fritters. So, at eight per pack...that's one and a quarter million servings! Food for one and a quarter million people! Wait, don't eat your friends!! ≧

SBS Question Corner

(Takayuki Okada, Saitama)

**Q:** Odacchi, Odacchi, Odacchi, Odacchi, Odacchi!! There, I called your name five times for no good reason! Hello, here's my question. It's one of the serious ones for once. On pages 198-199 of Volume 64, Chopper says he only needs Rumble Balls for one form, and the other six he can transform into at will. Does this include Guard Point? On page 38 of Volume 62, Chopper ate a Rumble Ball and turned into Guard Point. How come?! Explain it...or I'll stop being your fan!!

--Odacchi Supporter

**A:** Yes, you're right. In Volume 65, we found out that Chopper can use his monster form safely with a Rumble Ball. Which means that he doesn't need them for the other forms! What does this mean? Take it away, Reader "Escape Is the Best Form of Cowardice"!!

[PAGE 169, P38]

**Q:** In Chapter 605 of Volume 62, Chopper eats a Rumble Ball-like object before using Guard Point, but with his new training, Chopper shouldn't need it. Of course, I understand he was just eating the popular new Rumble Ball Candy, but I'm sure plenty of readers were tricked into thinking it was an actual Rumble Ball! Stop trying to confuse us, Chopper!!

--Escape Is the Best Form of Cowardice

**A:** Geez! Thanks a lot for confusing everyone, Chopper! Honestly! Do you have any idea how many readers sent me letters about this? You shouldn't be chowing down on candy on the sea floor! So anyway, let's take a look at Chopper's present forms!

Brain Point

Walk Point

Heavy Point

Guard Point

Kung-fu Point

Horn Point

Monster Point

Can transform into at will (sometimes he likes to eat Rumble Ball candy for fun)

Requires Rumble Ball (three minutes)

DECKS OF THE WORLD, VOL. 34 "SHIFT STATION—  
SUNDAY SPECIAL, STATIONMASTER CHIMNEY"

HOW ARE THINGS GOING, JIMBEI?

TO THINK THAT A MAN OF YOUR STATURE WOULD WORK FOR ANYONE OTHER THAN FISHER TIGER...

I CANNOT TRUTHFULLY DESCRIBE HER AS REASONABLE... BUT WE ARE MANAGING.

...UNDER BIG MOM'S JURISDICTION?

ARE THE SUN PIRATES WORKING WELL...

I WORRY THAT YOU WOULD CHAFE AT THE THOUGHT.

IT IS ONLY THROUGH THIS CONNECTION OF YOURS THAT FISH-MAN ISLAND HAS REMAINED SAFELY INTACT UNDER BIG MOM...

AND ONLY THAT? IT SEEMS A GREAT BOON TO THE ISLAND, AS WELL.

AFFILIATING OURSELVES WITH ONE OF THE FOUR EMPERORS IN THE NEW WORLD...

NOT AT ALL. BEING A LEADER HOLDS NO PARTICULAR ALLURE FOR ME.

...IN THE YEARS SINCE THE DEATH OF WHITE-BEARD...

...IS SIMPLY THE BEST METHOD OF ENSURING THE SAFETY OF MY MEN.

IF IT SHOULD COME TO THAT, WE HAVE OUR OWN MEANS OF DEFENSE.

...

IF THERE'S ONE THING WRONG WITH YOU, JIMBEI, IT'S YOUR SENSE OF RESPONSIBILITY.

YOU BEAR TOO MUCH BURDEN.

AND IF WE SHOULD LOSE THE PROTECTION OF BIG MOM'S FLAG...

...THERE IS ANOTHER I WOULD SEEK TO BORROW.

AS IT HAPPENS, ON THIS VERY DAY...

...WE GAINED 70,000 ROUGH-AND-TUMBLE SOLDIERS FROM THE FISH-MAN DISTRICT.

**YOUR MAJESTY !!**

**NONSENSE!!**

IF THEY DO RECOVER IT, I MUST ASK THAT YOU DEMAND...

...THE TAMATE BOX BACK!

...SO THAT IF THE THIEVES WERE SO BOLD AS TO STRIKE AGAIN, THEY WOULD PAY A TERRIBLE PRICE!!

YOUR MAJESTY, IT WAS ARMED TEN YEARS AGO WHEN THE BOX WAS FOUND EMPTY...

WHY WOULD YOU ARM IT WITH A **BOMB?!!**

**WHAT?!**  
IT WILL **EXPLODE** WHEN OPENED?!!

SIGH... VERY WELL. IF LUFFY'S GROUP SHOULD RETRIEVE THE TREASURES...

...YOU HAVE MY PERMISSION TO EXPLAIN THE CIRCUMSTANCES TO THEM.

AS KEYHOLDER TO THE TREASURE VAULT AND THE TAMATE BOX, THIS LIES UPON MY CONSCIENCE!

...TO SET OFF AN ENORMOUS BLAST WHEN OPENED...

SO THE CHEST WAS ARMED WITH EXPLOSIVES ...

OH, THANK GOODNESS NOTHING HAS HAPPENED TO THEM! I SUPPOSE MY CONCERNS WERE FOR NAUGHT.

PHEW...

YOUR MAJESTY, LUFFY AND HIS CREW...

THAT IS WHAT I'M AFRAID OF...

Q: Hello, Mr. Oda! When Sanji met the mermaids in Volume 62 and had a huge nosebleed, Chopper claimed he had "type-S" blood. Isn't that kinda weird? What other blood types are there? Give us the blood types of the entire crew while you're at it!

--Bepo

A: Okay, here.

They're mostly split between F, S, X and XF. But elsewhere around the world, blood types are known by different designations, so in some places they'd be considered types A, B, C, and so on.

Q: Odacchi!!!! Question!! Is this guy [➡] on p.55 of Volume 62 the same as this guy? [➡]

It is, isn't it?! When I looked up "hideous creatures," it turned up a picture of this guy ([➡])!!!! How did you find it, Odacchi? Were you looking up hideous creatures too? You must have a lot of free time...

--Now In Class

A: Yes, that's it. The very same. But I don't type in weird searches like that. Mine are way weirder. This creature is known as a BLOBfish, and you'll always see a picture of one in any BOOK on deep-sea fish. (Because it's so weird) Of course, they're not the size of ships, as they are in the story. It's a real deep-sea fish that grows to about a foot in length. It's also the same fish Luffy wanted to eat with mayonnaise just now in Chapter 654.

# Chapter 655: PUNK HAZARD

DECKS OF THE WORLD, VOL. 37 "WATER SEVEN—  
GALLEY-LA COMPANY'S GENIUS 10-YEAR-OLD SECRETARY"

LOOK AT ALL THOSE FISH BONES FLOATING AROUND! BONES!!

WANO IS A

THE SWORDSMEN  
FROM THE LAND  
OF WANO.

SAMURAI,

FAMILIAR,  
BROOK.

NOT DARE TO  
BREACH THEIR  
TERRITORY.

IF HE WAS USING A MINI SNAIL, THE ONLY ISLAND WITHIN RANGE...

IS IT THAT FIERY ISLAND OVER THERE?

HE SAID "PUNK HAZARD"!

BUT HE DIDN'T SAY NOTHIN' ABOUT WANO.

THERE ARE THREE PLACES THE NEEDLES INDICATE AFTER FISH-MAN ISLAND. RISKY RED ISLAND, RAIJIN ISLAND, AND MISTORIA ISLAND.

STRAW HAT WAS BOUND TO CHOOSE RAIJIN ISLAND, THE DESTINATION WITH THE BUMPIEST NEEDLE...

BUT THEN HE GOES AND IGNORES ALL OF THEM!

...OR SO I THOUGHT.

LOOK, WE'RE PASSING OVER THE FIRE!!

WHOA, WE'RE GOIN' UP! WHEEE!!

PH

WAIT, PIRATES ARE CRIMINALS.

THINK ABOUT THIS! YOU'RE COMMITTING A CRIME!!

THE ENTIRE PLACE IS BURNING UP...

IT DOESN'T SEEM AS THOUGH THIS ISLAND WAS ORIGINALLY ON FIRE... WAS THERE SOME DISASTER? AN ACCIDENT?

OKAY, BUT I WARNED YOU! YOU WANT TO PICK A FIGHT WITH THE GOVERNMENT?!

WAIT, WE ALREADY ARE.

MAN, IT'S SO HOT HERE!

THIS MUST HAVE BEEN A GOVERNMENT FACILITY.

I DON'T THINK THESE ARE HOUSES.

AND THE FACT THAT THE LOG POSE WON'T POINT TO THE ISLAND...

OR WAS IT ALWAYS A DANGEROUS FACILITY?

SO WERE THE BIG FENCES AND WARNINGS A SIGN...

Q: By the way, I've noticed that you're drawing lots of "when they were kids" portraits, so I wondered if you might draw Perona. Would you mind doing that? (Plus Absalom, Hogback and Cindry.)

A: Okay.

Hogback

Absalom

Cindry

Perona

Q: Hello, Mr. Oda! All the young mermaids at the mermaid inlet are so beautiful. So I was wondering, what was old lady Kokoro like when she was young? Draw her for us!!

A: Okay. This is the end for the questions this volume. See you next time!

# KEY SEGMENT!!

- ★ Hello, hello! I've received many postcards asking about another One Piece movie. After Strong World in 2009, we did a fun little thirty-minute 3D CG movie, but it's been a full three years since there was a feature-length animated One Piece film. Well, it's coming on December 2012, which is still several months away at the time I'm writing this...but at least it's all been announced now! Woohoo! Clap clap clap!!
- ★ Two and a half years ago, I did a bunch of magazine and newspaper interviews where I flatly stated, "I will never work on a movie again." I mean, I honestly thought it was going to kill me. There was so much work to do, yet my bosses and readers would be angry if I skipped a week in Shonen Jump, while the movie staff got impatient if I spent too much time on the manga. What am I supposed to be, some kind of middleman?! Talk about stuck between a rock and a hard place!!
- ★ So anyways, my dialogue with movie staff over the last two and half years has gone like this. They'd ask, "What's next?" And I would respond, "I'm not doing it."  
"Oh, can you at least take a look at what we have so far...?"  
"Oh, interesting."  
"So here's the rough plot."  
"Hmm, this part isn't really up to snuff."  
"What about this?"  
"Ahh, that's much better."  
"We'd like to use this character in the movie."  
"Wait...then I have to think of what would happen after the two-year skip...but the fans aren't going to like this, are they?!"  
"Okay, then could you just do that?"  
"Fine, but that's it."  
"Also, this."  
"Okay, just this."  
"Also, can you just check this real quick?"  
"Okay, but that's it."  
All right, already!! I'll do it!!!

**Executive Producer: Eiichiro Oda**

Geez, talk about heavy!! But I said I'll do it, and I'll stand by my word!!! I'm not taking half-measures with this movie!! Of course, there's lots of stuff I can't reveal at this point. All I can say is that there are some incredible people working on this film. There'll be more information in future volumes. I hope you're all excited! The movie staff sure is!

# You're Reading in the Wrong Direction!!

**W**hoops! Guess what? You're starting at the wrong end of the comic!

...It's true! In keeping with the original Japanese format, **One Piece** is meant to be read from right to left, starting in the upper-right corner.

Unlike English, which is read from left to right, Japanese is read from right to left, meaning that action, sound effects and word-balloon order are completely reversed...something which can make readers unfamiliar with Japanese feel pretty backwards themselves. For this reason, manga or Japanese comics

published in the U.S. in English have sometimes been published "flopped"—that is, printed in exact reverse order, as though seen from the other side of a mirror.

By flopping pages, U.S. publishers can avoid confusing readers, but the compromise is not without its downside. For one thing, a character in a flopped manga series who once wore in the original Japanese version a T-shirt emblazoned with "M A Y" (as in "the merry month of") now wears one which reads "Y A M"! Additionally, many manga creators in Japan are themselves unhappy with the process, as some feel the mirror-imaging of their art skews their original intentions.

We are proud to bring you Eiichiro Oda's **One Piece** in the original unflopped format. For now, though, turn to the other side of the book and let the journey begin...!
